All those who work for this programme should do it affectionately. Then the organization can prosper. The cultural programmes have attracted me much. I found answers to the questions like – why is CARDS founded? Who is it opened for? What are the ideals of Dr.Ambedkar? what is the need for education? What can we achieve through studies? the meeting was held for these three days harmoniously with the children singing Bala Bata songs. We learnt about the during of ACO's.
