His father Dr. Pullagura Viswanadham who was a teacher, preacher and also a doctor. Mother Smt. Santoshamma was an able woman his family has been leading a revolutionary, restless, committed, sacrificing struggle for the welfare of the Dalit Community of his birth for over 133 years. Dr. Ranjan Babu is the member of such family's third generation. Which has devoted his life for the welfare of Dalit society ignoring the personal benefits. Born in such a family, Dr. Ranjan Babu has lives around the Nation and abroad too. He has been leading many collective struggles for the better living prospects among the Dalit Community. 13th July is the birthday of such determined leader of Dalits. The day has been observed as “Day of Commitment” by thousands of Dalit Volunteers since 1985. Ranjan Babu who was born in his child hood, took inspiration from his parents who thought against the evil practice of untouchability. Being inspired by his grandmother Smt. Deenamma who spirited the lives of the Dalits with her endeavors, Sri. Ranjan Babu took the oath of prospering the lives of Dalits. Since his childhood he has studied the state of Dalits across the country. As a student, he founded the student Christian movement. Being the leader of the movement, he visited many Dalits across the Nation and came to know of the extreme misery their lives. He contrasted the lives of the Dalits with his course of study. “Social Science Psychology” and found the roots of untouchability. He analyzed the ways of religious, political, cultural society and resolves to prosper the Dalit Community. He believed that liberation can be achieved through liberty with the concept “Education

Liberation” he formed organizations with students at college and university levels. He spirited the rural youth and led them according to the existing scenarios. He completed his post graduation and joined as lecturer at AC College, Guntur. There, he motivated thousands of Dalit students for social service. These students worked for the prosperity of lives of Dalits in their villages with the slogan Randi – Rajyadhinethalu Kandy (Come – Become the sovereigns). Thus he thundered the villages for the rights of Dalits. He experienced the contrast between his vocation and avocation. In 1977 the state of Andhra Pradesh was severely struck by cyclone it created a huge havoc in the state. Sri. Ranjan Babu visited the cyclone affected regions. He was moved at the sight of rotten carcasses. He took care of the Dalit victims. Many of the representatives from various Governments, many persons, many organizations came forward to help the flood affected victims the death toll was 10,000 people. He extended his services to the victims. Though many of his companions left the region for the fear of epidemics, Sri. Ranjan Babu with the determined soul didn’t deter from his services. With the heart filled with the ideals of Christ – Ambedkar, he roamed the whole region and found the dreadful facts. Of the 10,000 people died, 7000 people belong to Dalit Communities. What is the reason for these deaths? Who are responsible for this? When will be the solution found to this situation? These questions echoed in and around the Nation. Sri.P.Ranjan Babu who rouses these questions investigated the situation and gathered the answers the answers to these questions reflect the poverty among the Dalits, untouchability, caste discrimination, inhumanity.

Motivated by the saying “Truth makes you the independent” Sri. Ranjan Babu gave up his job and took up charity. The foundation of CARDS for fulfilling the needs of dalits for the past 33 years he has been serving the Dalits the situation in 1980 – Before CARDS being founded

FOOD SECURITY ACT – CONSUMPTION – SEMINOR

A seminar was held on Food Security Act – Its strength and weaknesses at Arnold Paulus Auditorium of CARDS. Speaking in the seminar Smt. Swarnalatha Devi said that it was the happiest thing that many delegates attended the seminar she welcomed the trainer of the camp Asha – Bangalore.

Dr Swarnalatha Devi said that the Government had introduced many social welfare programs and been implementing them effectively. The poor should be responsible in Dalits aren't able to enjoy the fruits of these programs for bringing awareness among the poor seminars are to be held. The programs are felt selfish and had the motive of getting votes. But, they are not fair. The poor dalits must be aware of them and avail them.

Food security act is the right of every poor and Dalit in our nation. All the welfare programs introduced in our nation. All welfare program introduced in our Nation are meant for the Dalits they are awarded by the constitution. All the other sectors of the society should know them fact; these kinds of seminars can helps people to be aware of their rights. Thirty years ago Dalits used to struggle for searching and providing food. Many pregnant women, children and other died of malnutrition food. But, education and encouragement checked this evil to the maximum extent. But still 80% of people aren't well aware of the good concept. So, the government is trying to provide food through Anganwadi schemes.

As the program can satisfy the hunger of 82% of people, CARDS has decided to campaign the program in every corner of the State through various programs like Bala Bata. Thus the poor will be able to better their lives. She appealed to all the activists of Bala Bata to working in the aspect. She hoped that the ideals of Sri Ranjan Babu would be realized through Bala Bata. She remarked that Bala Bata is the beacon light for progresses.

- ☼ Quest for food – colonial living of the Dalits murders, assaults are common with the Dalits women – Death is the answer if questions.
- ☼ Less wages - Dependent lives – a kind of slavish life.
- ☼ No land – no food – struggle – social oppression – cases by the police - unfair charges of thefts – caste panchayat. Many organizations, societies, persons, sympathizers have come up with the motive of prospering the lives of Dalits.

In the guise of being charitable to Dalits many crave for acquiring the blessing of god. An attitude with the motive of eradicating the society of exploitation and for that purpose a adopting a policy was born on 13th July.

For Realizing the attitude. Forming a team and working for the purpose without caning for lives, money is an adventure. That's why July 13th can be considered as the day of adventure.

For reeling the truth that he found Sri Ranjan Babu has devoted his life. Having never bent to any kind of weaknesses he developed a character where he didn't pave way to wealth, wine and women. That's why July 13th was considered as the birth of truth fullness

For the past 33 years, Sri Ranjan Babu has never deviated from his path even though he was attacked physically, socially and economically. He believed that redemption is possible through education. He expanded his world and energized his team in a peaceful manner for prospering the lives of Dalits. That's why 13th July is the day of Peace.

In his 65 years of public life, he spirited the lives of Dalits with transparency and decentralization of power. He led an independent struggle for solutions to the misery experienced by the people. That's why July 13th is the birth of "people's path".

Here are the new concepts of "30 concepts policy" introduced for the welfare of Dalits after a titanic, restless struggle for redemption.

- ☼ Rural Development Centre – Aim achieving – Education center.
- ☼ Dalit sevadal

- ✿ Child Development centre.
- ✿ Rural Christian College
- ✿ International cultural tour program
- ✿ Dalit Open University
- ✿ Women rights movement – thrift societies
- ✿ CARDS colleges
- ✿ Bala Bata

With the concepts born from his mind Sri.P.Ranjan Babu took great effort to spirit the Dalit society. Thousands of activists, lakhs of people, people's societies are formed and become aware of constitution and laws. Dalits merited their lives than before.

With his slogan “Come, Come, become rulers” Sri.Ranjan Babu invited the people and encouraged the people to solve their problems themselves. Bala Bata program aims at protecting the rights of the SC &ST children and also at preparing the lives of the Dalits self sufficient. Then only the Dalits can live free, independent lives. CARDS IS adopting the task to educate the children belonging to various communities like Mala, Madiga, Gondu, Chenchu, Koya, Boya, Lambadi, Yanadi, Erukala, Konda Reddy. The children amounting to 14,000 got admission at various govt. residential schools after receiving training at Bala Bata such children are being moulded as the able citizens of future India.

Dr.Ranjan Babu in his 65 years of experience achieved a lot through his Bala Bata programs the is proved to be true with many families of which the children studied at Bala Batas over 13 years. The success should be carried by all the Dalit People, young men and women. The Bala Batas are to be prospered further with the concepts 1. A First of rice 2. Local Human Resources 3. Best Club 4. Progressive path 5. Dalit students for realizing these concepts in about 32,000 colonies
