Balabata was established in 2001, it has been working very hard for the development of education among the Dalit and Tribal people. Cards had identified the needs of Dalit and Tribal people in the society. So CARDS started Balabata for providing a better education for the Dalits and tribal who are at the bottom stratum of the society. CARDS expresses its gratitude for the co-operation of the state and Central Government for the last 15 years. On the auspicious occasion of the 15th anniversary, Balabata expresses its best wishes and heartfelt thanks to the staff working in Andhra and Telangana, Balabata at national level. We extended our gratitude Principals of Residential Schools, APSWS and staff, Principals and staff of Tribal Welfare schools, MEO's co-operating at rural areas, Head Masters, Mistress, of government elementary and high schools, We have achieved our set goals as our Balabata staff has taken the rights of Dalits and tribal which were written by our Bharat Ratna Dr. B.R. Ambedkar in the constitution. CARDS has been sharing with the people of Dalits and Tribal and identified their social background and evils faced by downtrodden people. CARDS has been working to eradicate against the untouchability in the villages, our Indian constitution has given assurance in the Article 17 safeguarded the untouchability.

Dr. P.Ranjan Babu established Balabata to achieve that education can bring equality and social change in the Dalits and tribal life style. He believed that education can change the society. So Dr.P. Ranjanbabu idea become true as Balabata achieved that this goal by making lakhs of students as Balabata students. In Balabata children were learnt not only education but also games, songs, planation, clean and green. They have taught moral and mental courage and confidence in Balabata curriculum. After they finished their education these people made a part of social service in the society. these people life style is different, their slogans are "none is superior to me and I am not inferior to anybody." They helped by establishing Best Clubs. Balabata old students striving for their future development. Balabata committee provides education. The committee will also never forget the co-operation given by the state government. Wishing your help and co-operation in future and my best compliments for the 15th anniversary festival,
