CARDS News Letter May, Jun, July 2017, Dr.P.Ranjan Babu, Director

"Platinum Celebrations" of Dr.P.Ranjan Babu

"Day of Commitment" Celebrations at CARDS

Thirteenth of July is a significant day for CARDS. It is the birthday of Dr P. Ranjan Babu-Director of CARDS. For the past few years this special day is being celebrated as 'Commitment Day'. Since the year 1985 the Dalit Open University has been conducting seminars at both National and International level apart from meetings on themes concerning the poor and

untouchables, their religious rights and responsibilities in the society. The Dalit Open University on this day honours all those individuals who have rendered valuable services for the upliftment of the Dalits with a National Award.

Dr.Ranjan Babu has several disciples since 1970, who follow and strongly believe in his ideas and thoughts and are highly influenced by his actions and speeches. These disciples not only celebrate his birth day but also commit themselves to the cause of the Development of the Dalits. They dedicate themselves for the welfare of Dalit Development. In 2010 Dr. M. Swarna Latha Devi delivered a message and mentioned that all the Disciples of Dr. Ranjan Babu had great dedication towards their work and it gave them full satisfaction and moral strength towards their commitment. One must have moral guts and these moral guts will help achieve their main goal. To achieve our goals we have to face many problems. We must face these problems with our total dedication by overcoming mental pain and financial difficulties. It is only our right attitude which helps overcoming the same. Experiences have made the disciples realize and learn this. These disciples are ready to give their personal experience, witnesses and examples. They have conducted many Dalit movement activities and have highly benefited from them. Dr Ranjan Babu's Disciples are the committed people available in both states. These Disciples are ready to commit to the development of lakhs of Dalit families. These are the kind of commitment that Dr. Ranjan Babu Disciples have.

Area Co-ordinators (A.C.O) Observations and feelings

♣ To,
Shri.P.Ranjan Babu garu,
Director, CARDS.

I am working as an ACO in Nizampatnam. Fishing is the main occupation in my area. Parents are not educated. They have no idea about their children's education. Except for fishing they do not know any other work. We have succeeded in making them realize the value of education which resulted in them sending their children to our Balabata. Now these children have improved in reading. I am very happy that they will get admission into a government residential school. I am thankful to 'CARDS' that I am working as an ACO.

In my Mandal most of the students have written the entrance exam for admission into the Gurukul Residential school. We have succeeded in getting several admissions during the past few years. After the exam we conducted the Swatch Bharat Programme. I have helped the illiterate Dalit people to get bank loans, with the help of the Government. We constructed toilets for nearly 26 Dalit Families under the 'CARDS' Bala Bata program. I shall work hard for the development of the Dalit People.

In my region I am encouraging 4th and 5th class students to prepare for the model exams. I have explained to the people the uses and benefits of the social welfare schools. At the same time I have provided information to the poor and Dalit people in my area, about the Government programmes for them which are exclusively meant for Dalit's. I want to work for Bala Bata whole heartedly because I aim to fulfil the dream and ideas of Dr. P. Ranjan Babu. I shall use this opportunity to work for CARDS and its ideas. Thank you very much CARDS.

I hail from the Yarragondapalem village in Prakasam District (DT). In our area the students of the 10th class and Intermediate students themselves came forward to work for Bala Bata. They were very much interested to work for Bala Bata. People have appreciated 'CARDS' Bala Bata because the ultimate aim of Bala Bata is to develop the Dalit community. Parents have also expressed their happiness about their children's education. Apart from them, the ward members, a people representative have appreciated Bala Bata ideas. I am happy to work as an ACO in 'CARDS.' I shall work hard for Bala Bata and its development in the future.

Infact the people of the village had requested me to start new Bala Bata's. In our region in the past we were successful in getting 200 seats in social welfare schools through Bala Bata. "CARDS" Bala Bata is a successful programme. Dr. P. Ranjan Babu's vision and fore thought has achieved this wonder. I shall work hard to get more seats.

'CARDS' has prepared model exam question papers. The Question papers have helped us a lot. With model papers student come to know how to answer the question papers. Bala Bata students are preparing very well for the exam. Last year out of the 640 applications that we had submitted, we were successful in getting 575 seats in social welfare residential schools. As an RCO I always encourage the students to achieve their goals.

We have trained Bala Bata students for the social welfare exams. For this purpose we took the help of best clubs to achieve more seats. The Previous year we had got more seats. Parents are also interested in their children's education. At night they sit with their children and help their children in their homework. This is a very nice development for Bala Bata. The people in our area are now having an access to 'CARDS' Bala Bata benefits. They are obtaining a lot of help. I shall work hard for development of Bala Bata.
